Step 1:

Order of poles:

- C- Top pole (ridge near top; wingnut at bottom)
- B- 2 Middle poles (tapered at top; wingnut at bottom)
- A- Bottom pole (with stake)

Fit pole sections together in the order noted above by, first, loosening the wingnuts, then retightening to lock.

Step 2:

Loosen wingnut of feeder tray attachment and slide onto poles. Tighten wingnut at desired location on pole. Attach feeder tray by inserting it into the slot on the attachment.

Step 3:

Fit pieces of finial together by loosening wingnuts first. Then, place onto top pole and retighten wingnuts.

Step 4:

Insert bottom pole into ground stepping on foot brace as necessary. Hang filled feeders on decorative finial hooks.
