Parts included:

- A. Birdfeeder and Perch
- B. Suction Cups
- C. Tray

Step 1:

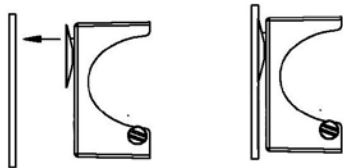

Attach both suction cups to the back of the feeder.

Step 2:

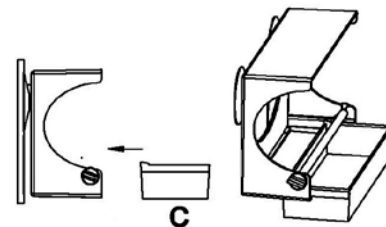

Pull up on each suction cup to lock firmly into place.

Step 3:

Secure the feeder to the window surface by applying pressure to one suction cup and adjust the level using the indicator. Once level, apply pressure to the other suction cup.

Step 4:

Slide the tray into place and fill. Rotate perch using side tabs to lock tray into place.
